OVER THE RAINBOW
FOR NOW & FOREVER

THE SENIOR CLASS
NORTH HIGH SCHOOL
YOUNGSTOWN, OHIO.

P. SCHUSTER

Foreword

Our yearbook records the story of the accomplishments of the first class to complete four years in the new North High School. It represents our effort to tell the story of a class and of a fine school. It is a record of service by individual members of the class in athletic events, in the band, in dramatics, in vocal music groups, and in other organizations. It is the story of a class which brought the traditions of an old school to a new and beautiful building. It gives a pictorial view of students at work in the attractive classrooms and library and depicts the highlights of the first four memorable years.

The 1960 Silhouette will remain as a symbol of these years which we have spent together at our Alma Mater. This book will allow us to remember the events of our school days for now and forever.

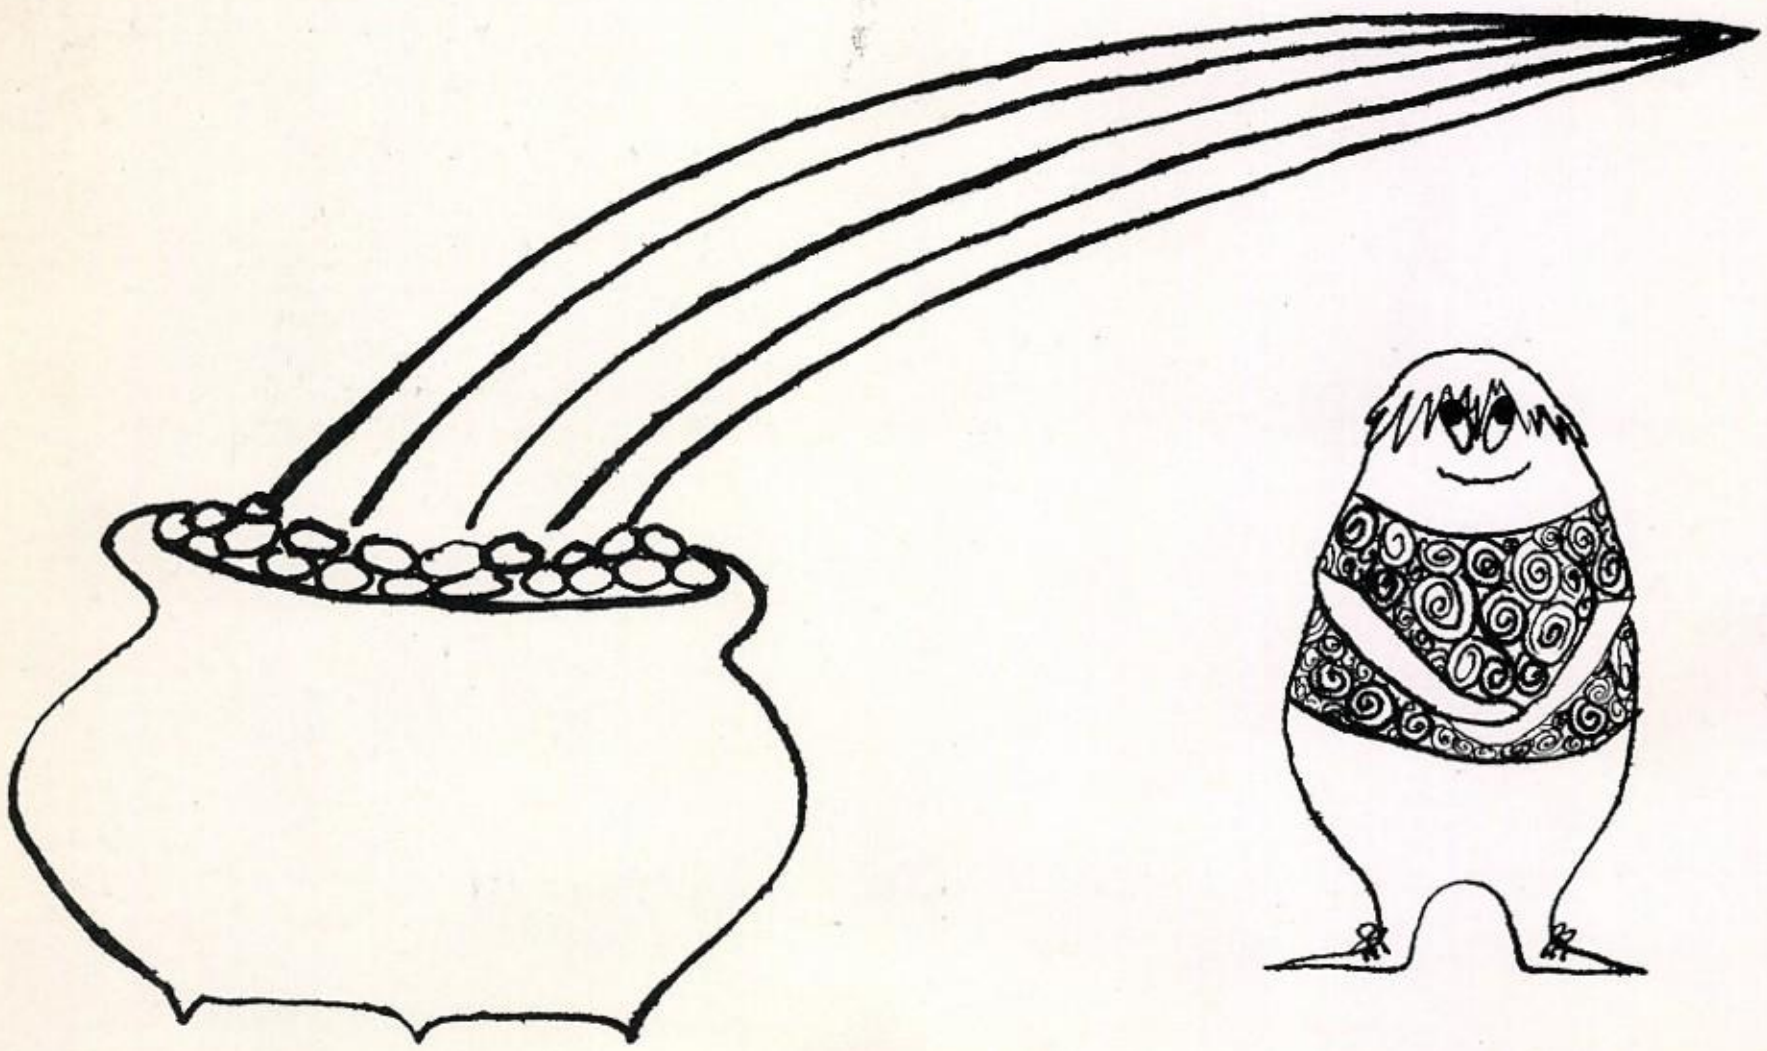

TABLE of CONTENTS

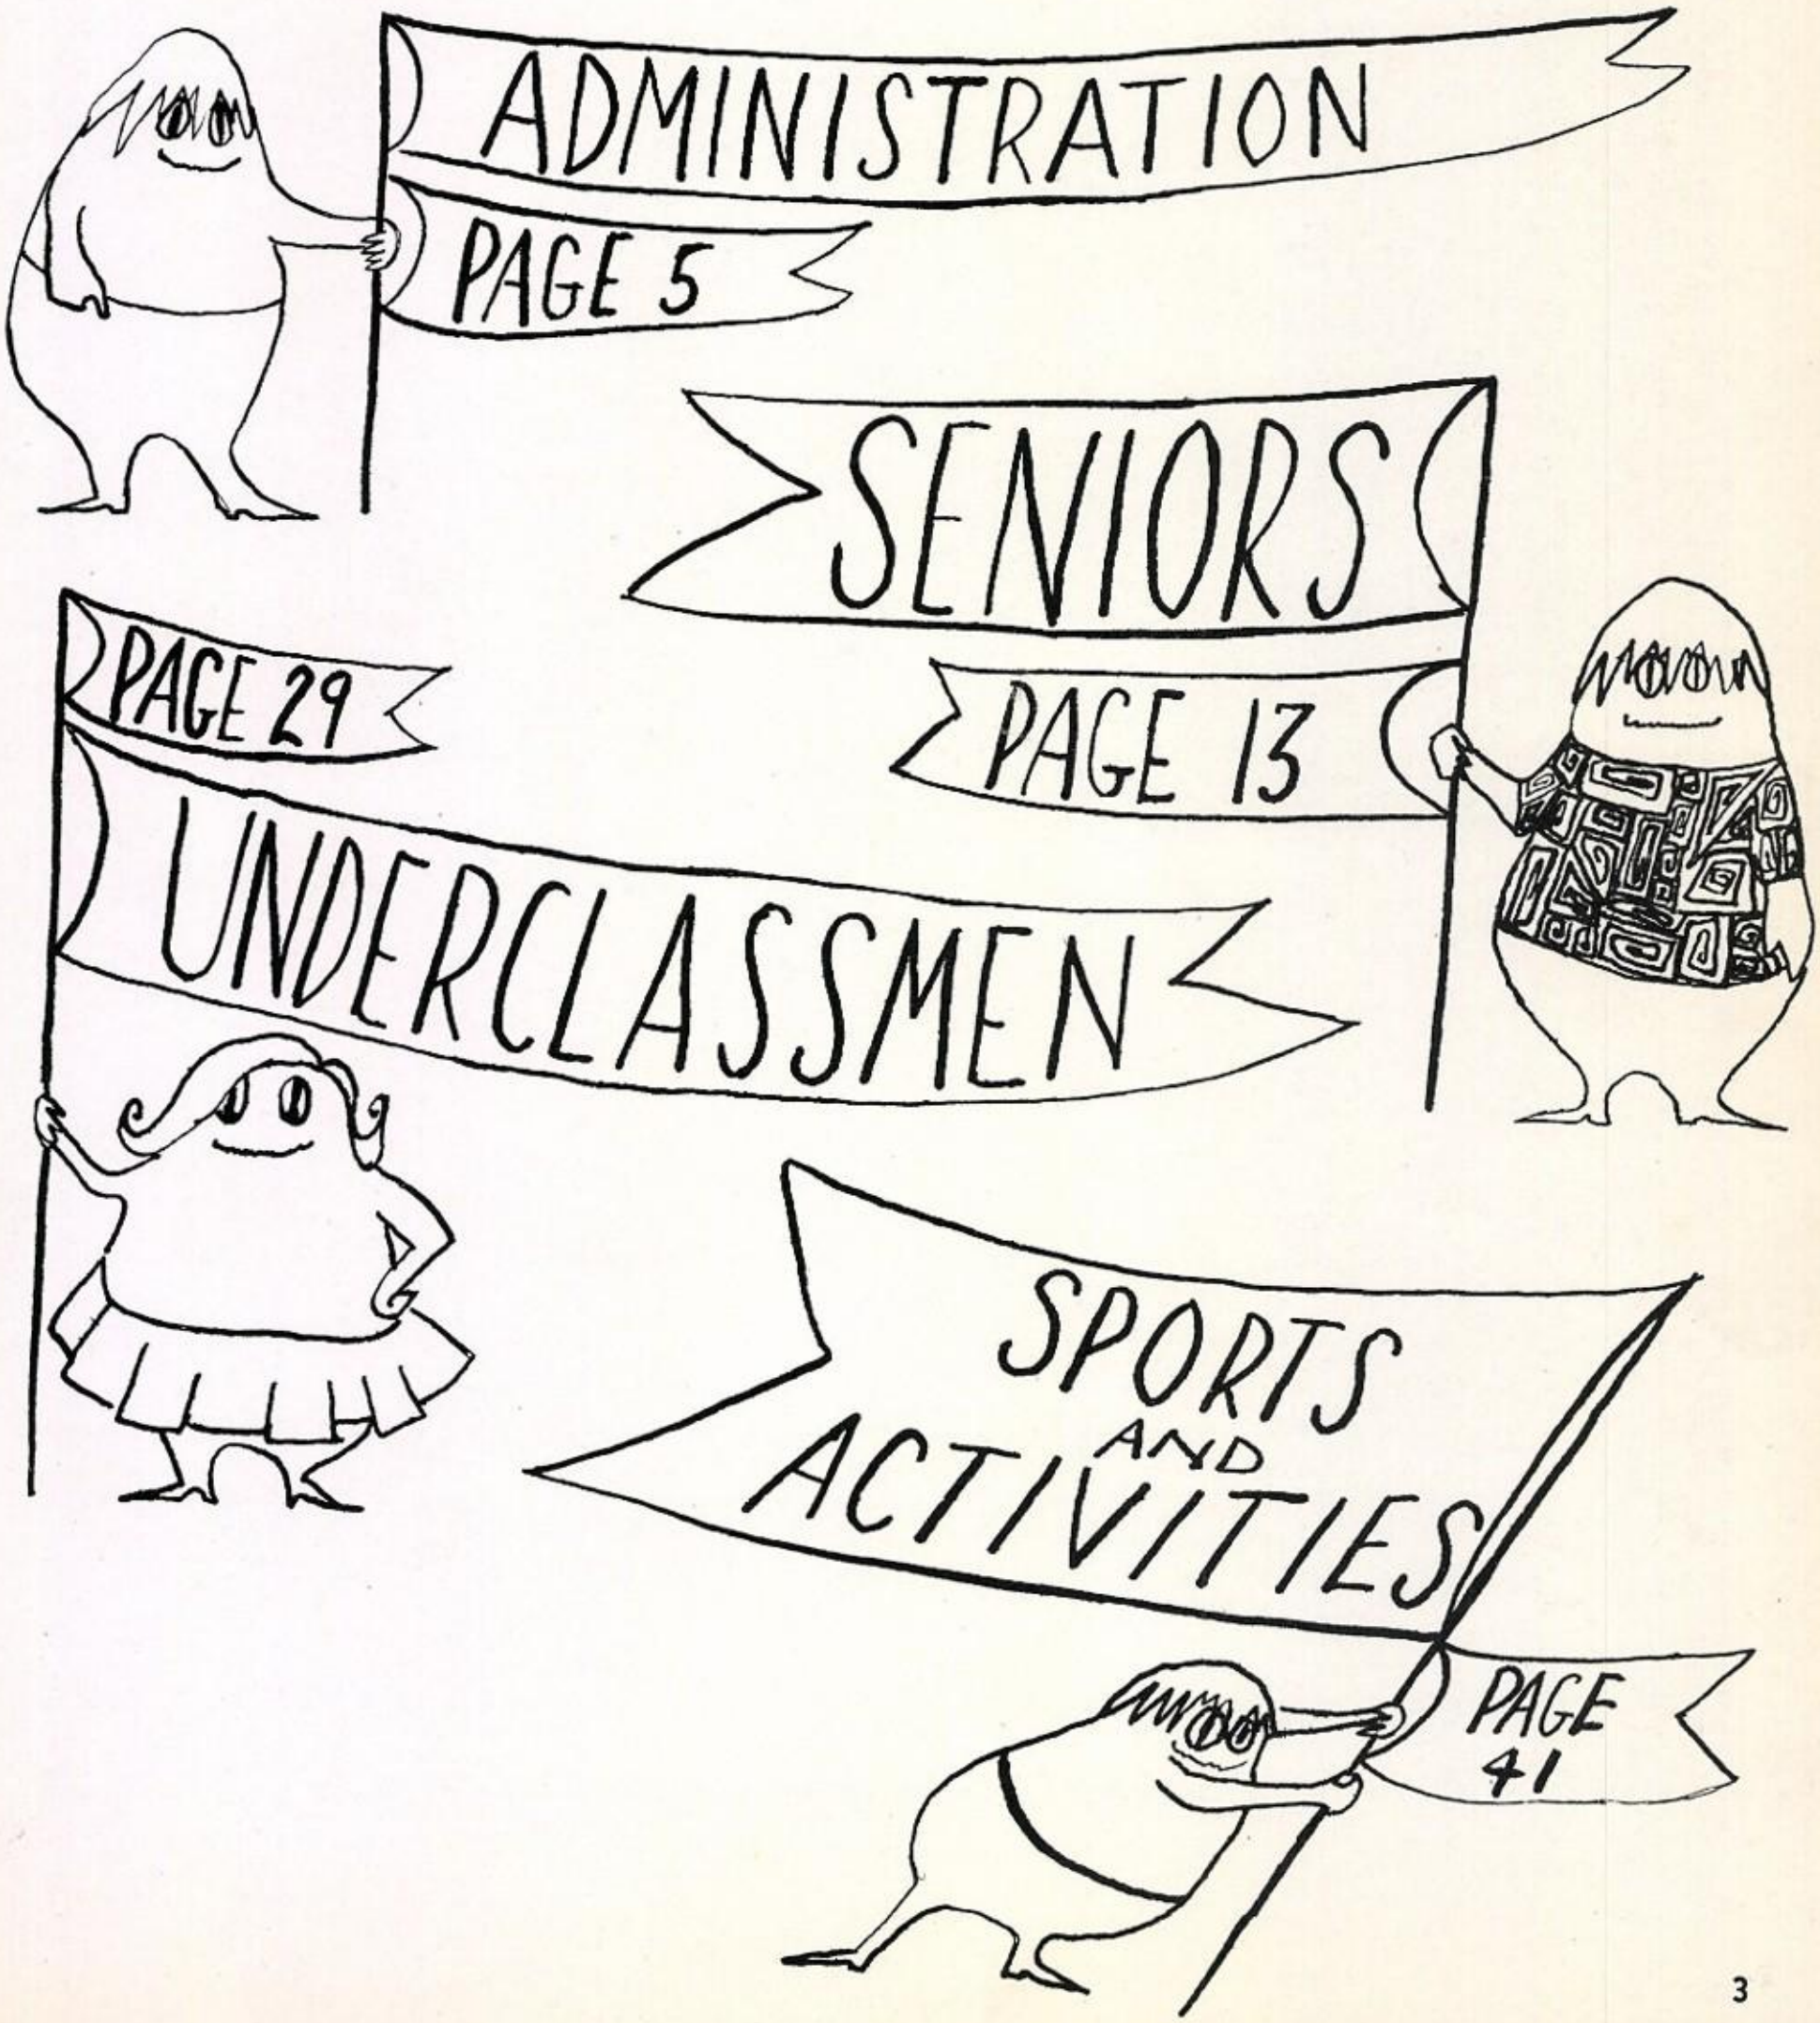
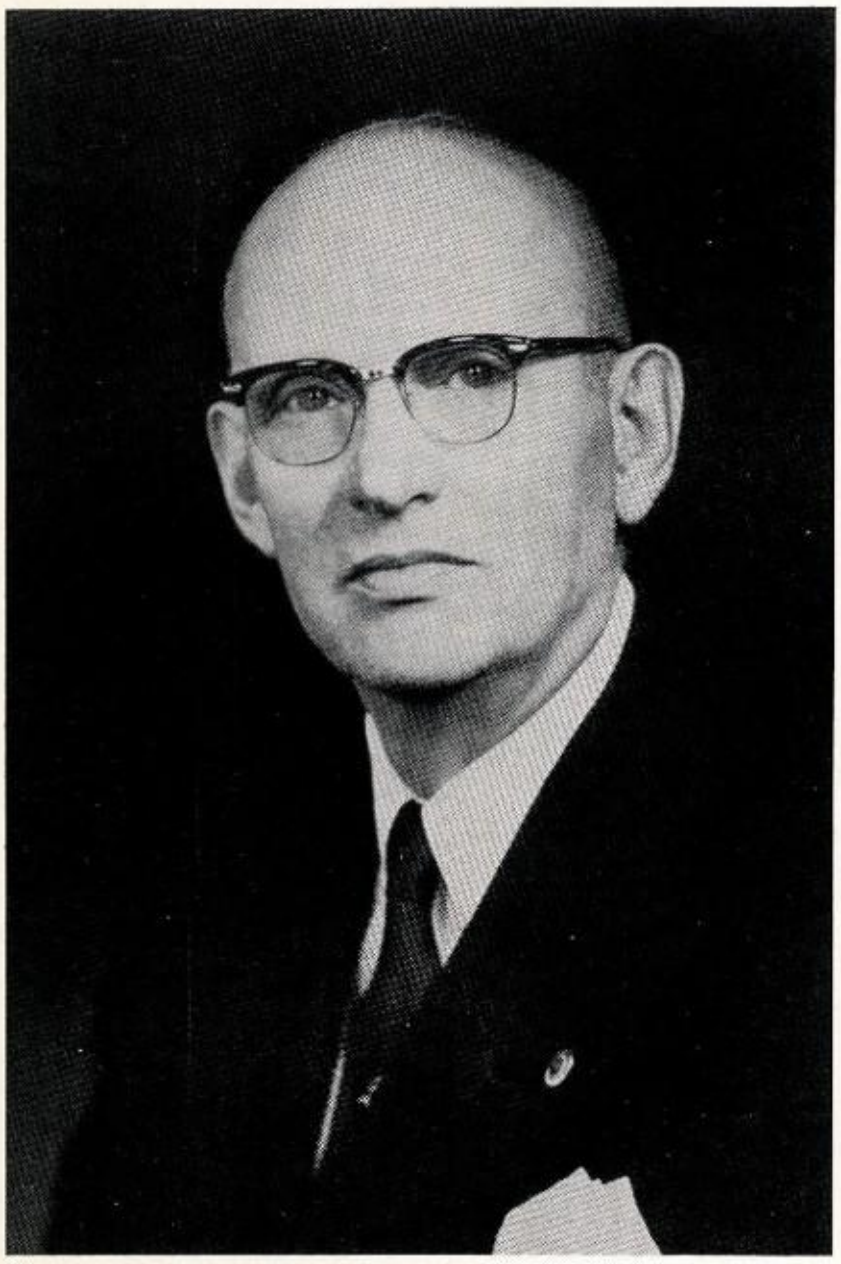


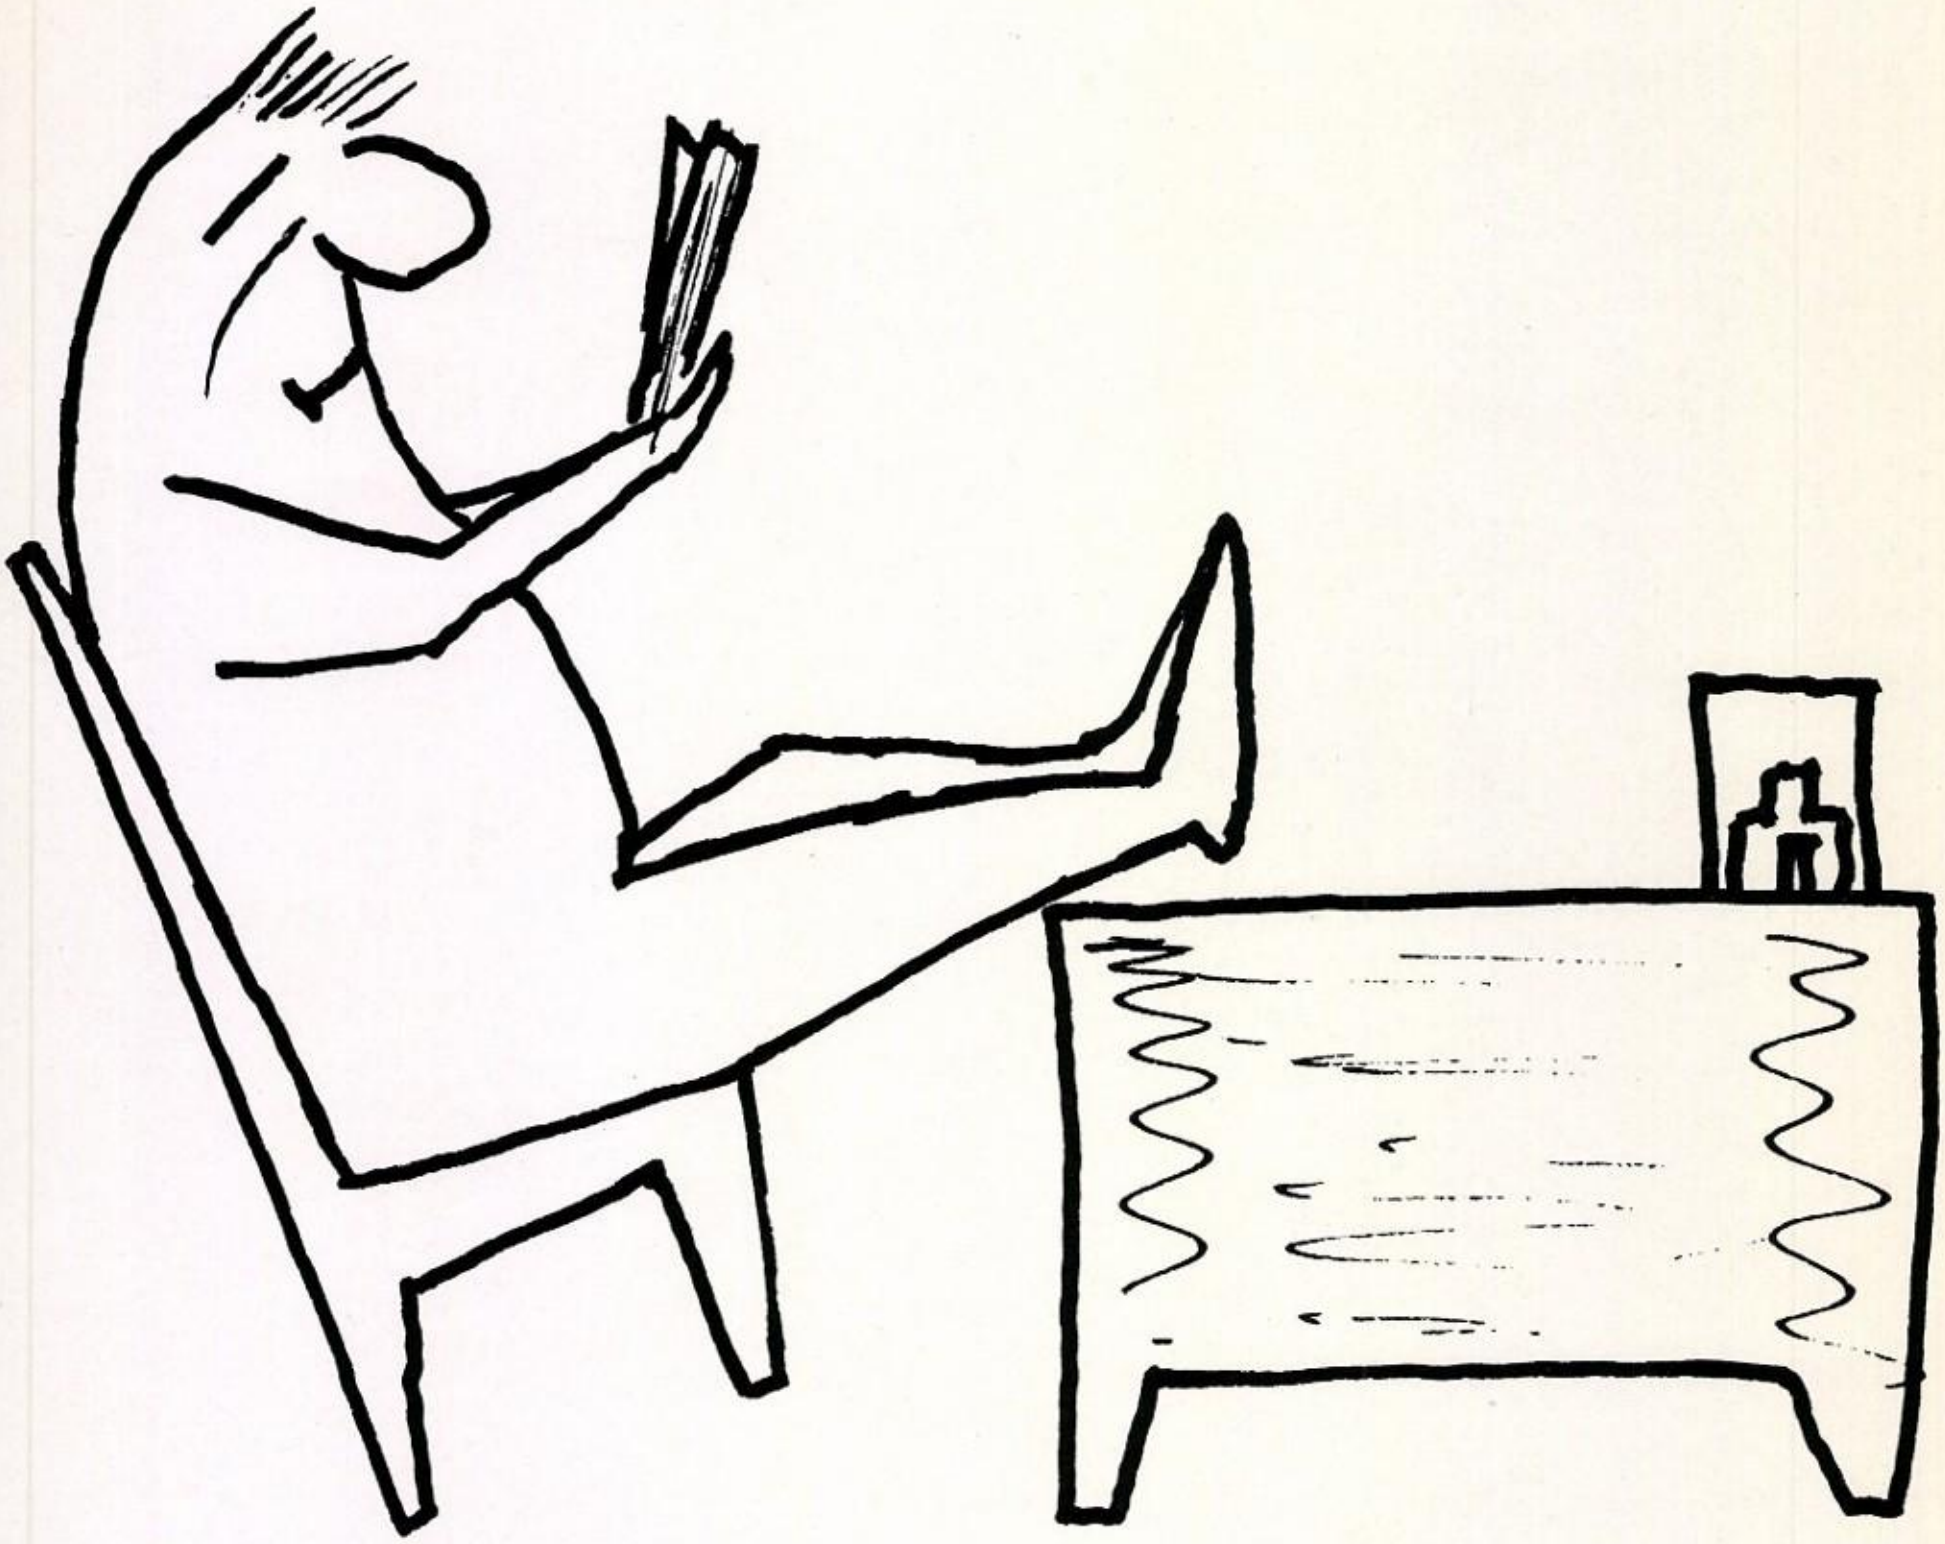
40 Years of Service



THANK YOU
Mr. Thompson

We, the Class of 1960 of North High School, dedicate this yearbook to Mr. Carl V. Thompson, our devoted principal. While spending the past forty years in the all-important profession of education, he has successfully helped many students to realize and to understand the ideals awaiting them in all walks of life. Through his guidance he has encouraged us to proceed ever so far into the unconquered fields of this new and confusing age.

We are greatly indebted and more than honored to have known you, Mr. Carl V. Thompson. May you be richly rewarded for all you have done for the welfare of mankind, and may God bless you always.



ADMINISTRATION

Superintendent

Graduation from high school is the fondest hope of most boys and girls as well as of parents. To graduate from North High School is, indeed, an honor and the fulfillment of a roseate dream. This is one of the great moments of your life. Make the most of it.

Young people are idealists. Life's plans move out on a rising curve. You are reaching for the highest part of life, the zenith. It is as though you were moving upward on the arc of the rainbow. It is pleasant to think of the beautiful colors of the rainbow as a guiding path.

It is the wish of all of us for you that the shimmering paths which beckon today may lead you ever upward and outward. May they head you into useful, healthy and happy lives . . .

May all your pathways lead "along the rainbow now and forever."

DR. J. FRED ESSIG

Assistant Superintendent

It is a genuine privilege to extend hearty congratulations to the Class of 1960! We trust that your High School has succeeded in guiding you to a preparation for the challenges and opportunities of an atomic age, and we are certain that North will be richer for the heritage you will leave behind.

As you go forth to learn, to serve, to lead, bear always in mind that integrity is the basis for all worth-while achievement, and the essence of true character. Only as your intelligence, your energy, your vision, are fortified with integrity can you render to society the service which is at once your privilege and your duty.

We are grateful for the memories you have given us, and we look forward with anticipation to your future successes.

DR. J. HARRY WANNAMAKER

Principal

Through the years it has become more and more evident to me that happiness and real success depend more upon our philosophy of life than upon any material wealth, however great, we may be able to accumulate.

If we can be hopeful, cheerful, and appreciative of those about us; if we can see good, as well as the bad, in our fellow man; if we can forgive, forget, and arise from a shambles of failure or disappointment, to face the future with a bold heart; if we can do such things as these we are following the rainbow and at the end of the trail we will find the happiness of contentment and the peace of soul which accompanies a life of service to our fellow man.

To the Seniors of 1960, and to all of those with whom I have worked, pupils, teachers, and parents, over the past forty years: may all of you find the end of the rainbow and the fabulous wealth that is conjectured to be located there.

C. V. THOMPSON

Assistant Principal

The rainbow from earliest times has been a phenomenon of nature which has stimulated the imagination of man. It has been a symbol of promise and hope which has caused many of us to think longingly of the "pot of gold" at its end. The rainbow might also be thought of as an arch across the heavens opening wider horizons for each of us to explore. It is the concept of the rainbow as an arch which the theme of the 1960 yearbook, "Along the rainbow now and forever," has brought to my mind. It is an arch of experience which has brought to each of us memories of happiness; it is also an arch which beckons us to new endeavors and adventures.

For as Tennyson writes:

All experience is an arch where through
Gleams the untraveled world.

As you journey into the future may you find the rainbow is an arch to happiness and success.

YOUTH and the WORLD

"There is many a battle that's yet to be won,
There is many a glorious deed to be done.
The world is still young! For the youth at
its door.
There are tasks some shall do never dreamed
of before.
It is not an old world, worn and wrinkled
and gray,
It's a world that is being reborn every day."

IT'S ALL UP TO YOU!

To hear yourself referred to as a "graduate" must sound fine. How many of you think of this word as meaning "the end of your primary schooling?" If you do, you're looking in the wrong direction. Look up the word "graduate." Its derivative "gradus" means "step." Here's the meaning to consider. Your graduation means simply, you're rising to a new step, a new challenge.

The schooling you received these past twelve years was merely preparation for that next step. Now, it's up to you. Where is your next step . . . further schooling . . . on-the-job experience . . . marriage? Whatever your next step, consider it seriously, for it may mean the direction your whole life pattern will assume.

There is no doubting that, up or down, one step leads into another. And it's up to you. Only up to you. Whatever your decision, we wish you much good luck in the many steps to come.

COMMENCEMENT — AND YOUR FUTURE

This is the last of your high school days. Here you have received a thorough basic training for bigger things to come. Remember, you have to work for success. There are people who do not work, but the country is not proud of them. So take off your coat and get prepared to make dust in this world.

You may well ask, "How Can I Be a Success?" First of all, "You Must Finish Whatever You Start."

Until success is attained, the individual tasks confronting you are relatively unimportant in themselves. The important thing is their effect upon you after accomplishing these tasks.

Success is dependent upon effort; the more the effort, the greater the success. You succeed by degrees, and the degree of success is in exact proportion to the degree of effort.

Now is the time, more than ever, to cultivate self-confidence.

What do we learn from quitting? What do we accomplish? We only learn how to quit or how to fail.

This whole world is depending on you. Remember, there are fifty-seven rules for success: "THE FIRST IS TO DELIVER THE GOODS," never mind the rest.

OUR Heartiest Congratulations and Wishes for "Happiness AND A SPEEDY SUCCESS."
